Q

Where can I find the list of 'Safe & Secure' Certified hotels?

Visit www.srilanka.travel/helloagain

A

Q

What is a 'Safe & Secure' Certified hotel?

These are hotels or accommodation providers who comply with the COVID-19 Health Protocols and the Tourism Operational Guidelines. The hotels have been subjected to an audit by an independent firm and will be continually assessed. The 'Safe & Secure' certificate is issued with a QR code unique to each certified hotel. By scanning the QR code using a smartphone, visitors can not only check the key information of the certified hotel but also immediately report to Sri Lanka Tourism of any violations related to the guideline procedures with photo evidence. Sri Lanka Tourism believes this certification will serve as a mark of trust, safety and assurance to all international guests. Hotels with the certification are encouraged to display the certificate with the QR code that can be easily accessed by all guests.

A

Q

What is a Level 1 'Safe & Secure' Certified hotel?

From all the 'Safe & Secure' Certified hotels, these are the accommodation service providers who will provide accommodation services exclusively for international tourists during the first 14 days of their stay. The level 1 hotels cannot accept bookings from locals and also are not allowed to hold any events or banquet functions for locals.

A

Q

Can I stay in an Ayurveda Treatment Hotel or a Wellness facility?

There is no restriction as long as your selected facility/hotel is a Level 1 'Safe & Secure' Certified hotel.

A

Q

Can I use all the hotel facilities?

Yes. Visitors can use all hotel facilities including gym, swimming pool, spa, etc.

A

Q

Can I stay longer than 14 days in the same hotel?

Yes

A

Q

Can I change hotels?

Yes. In the first 14 days of your stay, you can change hotels provided they are 'Safe & Secure' Certified Level 1 hotels; After 14 days, you can move to any hotel despite of the fact that they are Level 1 'Safe & Secure' Certified or not.

A

Q

Can I visit tourist attractions and sites in Sri Lanka?

Yes, tourists can visit up to 14 approved tourist sites under the safety of a bio bubble. Visit srilanka.travel/helloagain for details.

A

Q

Can I visit other places on my own, after 14 days ?

Yes. You can.

A

Q

Can I use public transportation during my visit?

In the initial 14 days you will not be permitted to use public transportation and even thereafter, the use of public transportation is discouraged.

A

Q

Do I need to pre-purchase PCR tests before I arrive?

Yes, all travelers need to pre-purchase PCR tests depending on the length of their stay. This is a mandatory requirement for your visa process as well.

The first PCR tests would be on-arrival at your hotel; prior to check-in. The second PCR test would be conducted 5-7 days after, or if any symptoms should develop before. If your stay is for 7 days, you pay for 2 PCR tests. If you stay exceeds 7 days you have to purchase 3 PCR tests. Each PCR test is priced at USD 40.

A

Q

From where can I get my PCR done after arrival?

It will be arranged by your Level 1 'Safe and Secure' Certified hotel. Test will be performed by a private sector laboratory approved by the Ministry of Health.

A

Q

Where am I allowed to do my PCR before arrival?

Travelers should undergo a PCR test from an accredited laboratory and obtain a negative result, within 96 hours before boarding their flight. This is a mandatory requirement and needs to be re-confirmed with the relevant airline.

A

Q

Will there be a dedicated medical officer for each hotel?

Yes. There will be an appointed medical officer in each of the 'Safe and Secure' Certified hotels including the Level 1 hotels.

A

Q

What happens if someone is tested positive for COVID-19 with symptoms?

Your Level 1 'Safe & Secure' Certified hotel in consultation with the hotel doctor/local health authorities, will admit you to a Private Hospital approved by the Ministry of Health; Your COVID-19 Insurance cover will reimburse hospital charges including the ambulance transfer fees up to USD 50,000 for a month.

A

Q

What happens if someone is COVID-19 positive and non-symptomatic?

Non-symptomatic COVID-19 positive persons will be quarantined in an isolated area in the same hotel, under strict supervision of the hotel doctor and local health authorities. In case there is a need to transfer them to a private hospital at any stage, the COVID-19 Insurance cover will reimburse hospital charges including the ambulance transfer fees up to \$ 50,000 for a month.

A

Q

What happens to the close contacts and exposed guests in case someone is tested positive for COVID-19?

They will be kept under quarantine in an isolated area in the same hotel, under the strict supervision and administration of the hotel doctor and local health authorities. However, based on the decision of the hotel doctor/local health authorities, if they are sent to a quarantine hotel/center or a pre-arranged Private Hospital, the COVID-19 Insurance will reimburse relevant charges including the ambulance transfer of up to USD 50,000 for a month.

A

Q

What if I get sick other than COVID-19?

Medical officer at your hotel will decide what to do accordingly and the cost of the treatment/s should be covered via the patient's own personal medical insurance. This will NOT be covered by the COVID-19 insurance cover.

A

Q

Can I meet the local community within 14 days if my PCR is negative?

No. During the initial 14 days of your stay you are not permitted to mix with the community. However, we will create a bio-bubble for you to visit multiple sites in Sri Lanka. This will protect you as well as the community, while ensuring you have a great time. Please do your part not to break the bubble, as after 14 days you can go into the local community.

A

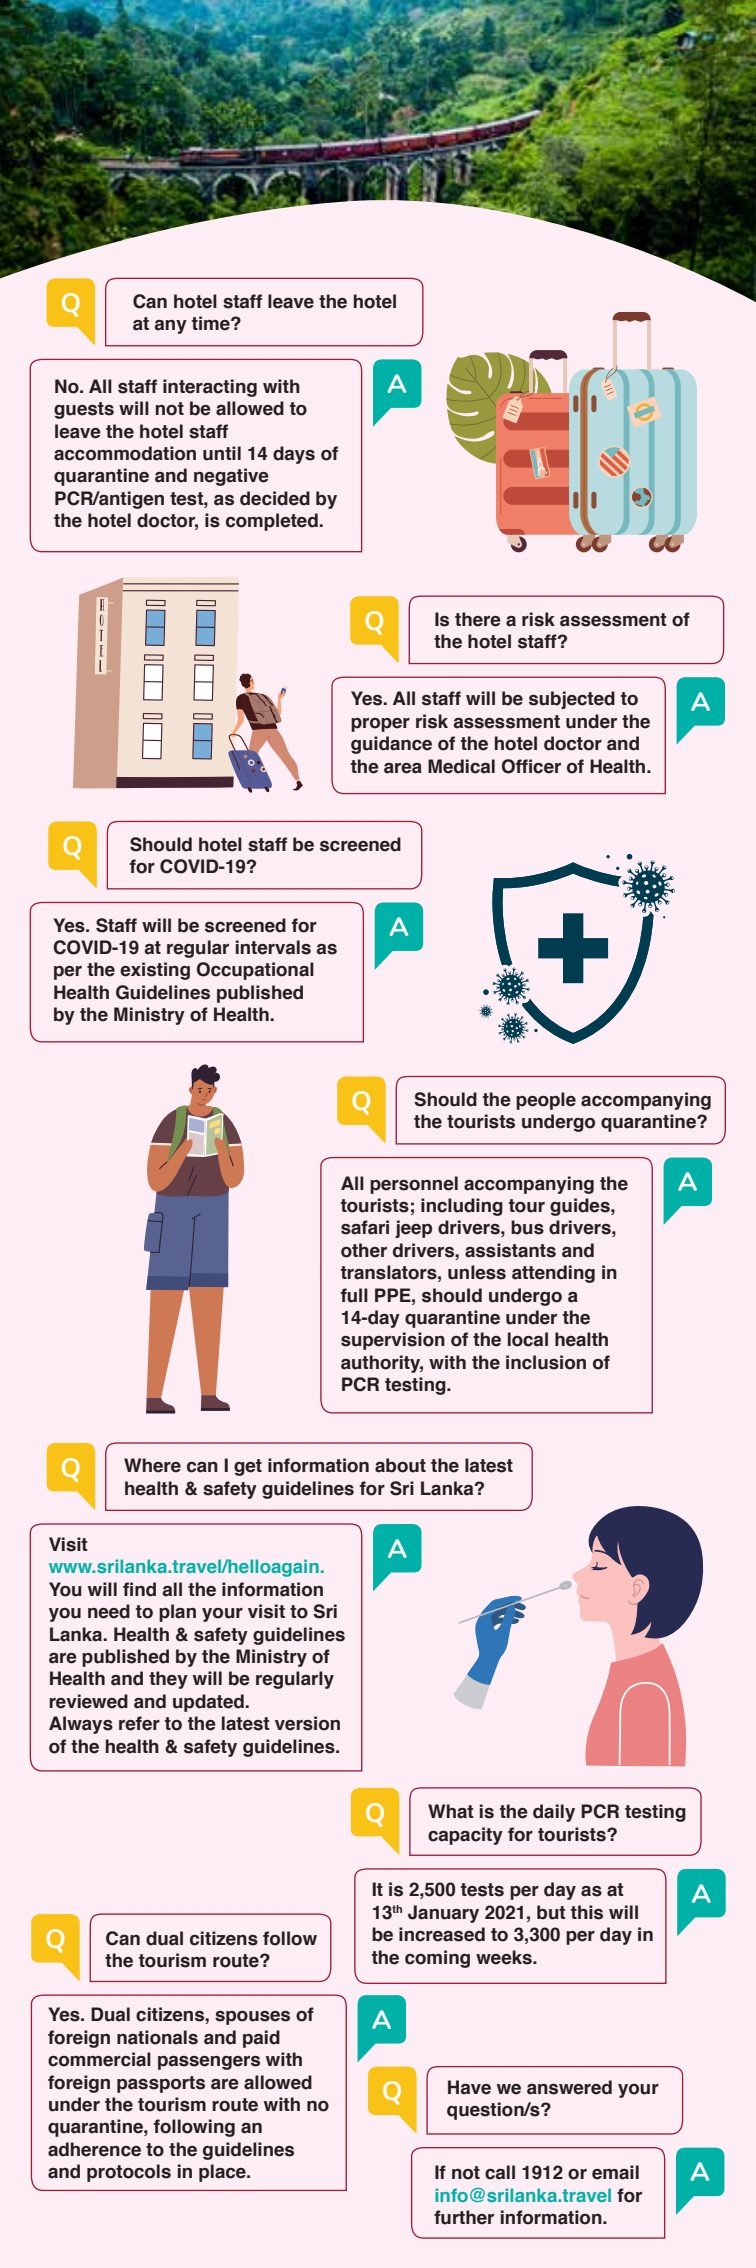

Q

Are any locals allowed to the Level 1 'Safe & Secure' Certified Hotels?

Hotel guests will not be allowed to entertain locals nor have any functions that encourage the same, during the 14- day period where the Level 1 Certified 'Safe & Secure' hotel functions exclusively for international tourists.

A

Q

Can hotel staff leave the hotel at any time?

No. All staff interacting with guests will not be allowed to leave the hotel staff accommodation until 14 days of quarantine and negative PCR/antigen test, as decided by the hotel doctor, is completed.

A

Q

Is there a risk assessment of the hotel staff?

Yes. All staff will be subjected to proper risk assessment under the guidance of the hotel doctor and the area Medical Officer of Health.

A

Q

Should hotel staff be screened for COVID-19?

Yes. Staff will be screened for COVID-19 at regular intervals as per the existing Occupational Health Guidelines published by the Ministry of Health.

A

Q

Should the people accompanying the tourists undergo quarantine?

All personnel accompanying the tourists; including tour guides, safari jeep drivers, bus drivers, other drivers, assistants and translators, unless attending in full PPE, should undergo a 14-day quarantine under the supervision of the local health authority, with the inclusion of PCR testing.

A

Q
